Fair and Frost Is Weather Man's Promise.

Kansas is now well watered. Rain has fallen in all parts of the state with the exception of the northwestern section in the last 24 hours. The precipitation at Topeka was 1.35 inches. This was the largest amount inches. This was the largest amount reported at any government station, with the exception of Hanover and McPherson. The central and northeast portions of Kansas were particularly favored in the distribution of

oisture. The Santa Fe reports that rain fell The Santa Fe reports that rain fell along its entire system in Kansas. The amount of moisture that fell between Kansas City and Topeka ranged from a few hundredths to over an inch. The rainfall between Emporia and Dodge City is reported to have ranged as high as an inch. Following are the records in rain government stations:

The first measurable rain at Topeka fell at 6:47 o'clock Wednesday evening and the last at 2:13 this morning. The heaviest downpour came between 7 and 8 o'clock when a half inch of water fell. The streets of Topeka were flooded in places at that time. The rainfall to date for this month at Topeka amounts to 5.47 inches. This is 1.91 inches above the normal

for the entire month. Only five entire Septembers in the last 27 years have had more precipitation. "Sunny" Flora, the local weather

observer in commenting upon the rain said today: "There is all the water in the ground now that we really need around Topeka. It was a fine rain and will be of benefit to the farmers.

It is not excessively wet even yet. The ground is in splendid shape."

The river has risen but two-tenths of a foot since Wednesday. The stage today is 3:5 which is a long way below normal for September. Cold This Morning.

The near cold wave struck Topeka Wednesday evening on schedule time. The minimum temperature at 7 o'clock this morning was 47 degrees, a drop of 32 degrees in 18 hours.

Fair weather is the prediction for tonight and Friday with frost tonight. The mercury is expected to reach the 42 degree mark by Friday morning. Following is a list of maximum tem-peratures at government stations for the 24 hours ending at 7 o'clock this each.

THE HONOR ROLL

Nearly Half Counties of Kansas Not Represented at Lansing.

Nearly half of the counties of Kansas kept their names from the state penitentiary records for the last fiscal year, according to the 1913 report is-sued by W. E. Davis, state auditor. To be exact, 46 counties sent no pris-

from over the state.

In the last two years 34 counties of the state have been able to maintain clean prison records. These ban-ner districts without criminals for two years are: Chase, Cheyenne, Clark, Decatur, Edwards, Elk, Ellsworth, Grant, Greeley, Greenwood, Haskell, Hodgeman Jefferson, Kingman, Lincoln, Linn, Meade, Mitchell, Rawlins, Rooks, Russell, Sheridan, Sherman, Smith, Stevens, Thomas, Wahannee, Wichita and two years are: Chase, Cheyenne, Wabaunsee, Wichita

gift to Sulzer as "campaign expenses."

"The intent of the witness cannot affect the intent of the receiver of the fund," argued Mr. Brackett. Louis Marshall of the Sulzer counsel, argued against the motion. "This case should be considered," he said, "precisely the same as if we were trying an indictment—as if the defendant had committed the crime of larceny. You can not be made the victim of a crime of larceny when the giver places no relatteny when the giver places no re-strictions on the gift he makes." Presiding Judge Cullen refused to

strike out the answer.
"If it was a common law larceny, said the judge, "I should be certain that my ruling was correct, although there must be a trespass in common law. I feel that the same ruling should apply here. I may change my mind but for the time being I must reiterate my previous ruling." Judge Cullen added that Mr. Schiff's

intention at the time and not his intention at the present time was the ques-tion that should be considered. "That's all we want." commented Marshall.

"I know congratulations are very pleasant and very nice, but a campaign to be successfully conducted requires something more than words and so I am enclosing my check for \$500 to aid in the expenses of your campaign." Mr. Stanchfield then produced the

Chicago N. W. Chlcago, Sept. 25.—WHEAT—Big receipts in the spring crop region carried wheat prices today down grade. The total of arrivals was much in excess of both last week and last year. Cables also were weak influenced by free Russian and Canadian offers and by good crop prospects in Argentina. The opening was unchanged to he lower and a further decline followed.

Nat, Lead Inter Harvester Heavy rains in Kansas and Nebraska relieving anxiety about seeding acted in favor of the bears. The close was steady, but in the lower.

CORN—Clear weather and liberal receipts weakened corn. Longs were the principal sellers. Prices started the same as last night to 1-3 off and suffered an additional sag.

Gossip that a large speculator line was being disposed of kept quotations depressed. The close was nervous, included to include the corn of th uthern Ry, c.
